Work Experience

Designer, B12

2018 – Current

As a designer for a digital agency, my role is a combination of UI design, art direction, and front-end development.

Lead Instructor, Designlab

2016 – 2018

I guided students through an intensive online course focused on interaction design and user experience.

Lead Designer, Nordic Strategy Lab

2015 – 2016

I led interaction design, user research, and usability testing for a strategy and design consultancy.

Web Designer, Tire Rack

2015

The team I was on did both design and front-end development. We typically implemented our own designs and were also responsible for updating and maintaining our front-end framework.

Design Consultant, Self-Employed

2008 – Current

I take on a variety of roles depending on the project. Most often, I'm involved in interaction design, user research, testing, and strategy.

Education

Purdue University

2012 – 2013

Biology and Computer Science

Indiana University

2009 – 2010

Fine Arts
